Phone No.:					
Email:					

**Battery inspection checklist (Table 1)**  
(Check battery manual for instructions)

OC Battery Information	Battery Serial Number	
	Battery model	
	OC QC	
	OC QC setup check	
	Nominal capacity	
	Max charge, A	
	Voltage, V	
	SOC at shipping, %	
	Connector: type color	
	Lead: position-length	
Dealer PDI Checklist	D_ Physical Appearance	
	D_ O (on/off)	
	D_ SOC	
	D_ Sealing	
	D_ Cables	
	D_ Connector	
	D_ Cable CAN-harness	
	D_ Euro (charger port)	
	D_ Truck Stop	
	D_ Truck CAN	
D_ Truck CAN response		

**Charger checklist (Table 2)**  
(Check battery manual for instructions)

Charger information	Charger Serial Number	
	Charger Model	
	Max charge current, A	
	Nominal Voltage, V	
	Voltage range, V	
	CAN enabled	
	CAN OC certified	
Dealer PDI information	D_ Max current set, A	
	D_ Curve	
	D_ EV	
	D_ CAN	
	D_ Harness wires	

**Truck Information (Table 3)**

Truck Make:	
Truck Model:	
Truck Serial Number:	
CAN Enabled:	

All the form instructions are in the attachment to the battery manual. Please use the form to fill Batteries/chargers/trucks integration tests results.

**Batteries/chargers/trucks integration tests results (Table 4)**

Battery SN											
Charger 1 SN/V/R											
Charger 2 SN/V/R											
Charger 3 SN/V/R											
Charger 4 SN/V/R											

Confirm proper integration: Test at least one battery of each voltage, with different available chargers.  
(No need to check every single battery with every single charger, but test all chargers with at least one battery)

SEND the completed form to [SALES@ONECHARGE.BIZ](mailto:SALES@ONECHARGE.BIZ). Attach completed acceptance paperwork by the client (if there is a separate form.)
